

UNITED WASHABLE TEXTILE OIL

United Washable Textile Oil is a premium grade, specially designed product that can be used for lubricating knitting machines.

Containing highly refined base oil plus high performance, specially selected lubricity agent and emulsifier. United washable textile oil is essential light color and can give exceptional antiwear protection to the machine parts. The compounded emulsifier system effectively removes the oil stain from textile by emulsifying with water and thus makes the oil completely washable.

United Washable Textile Oil is available in two viscosity grades for different lubrication requirement. It can be used widely for circular or tricot machine operations by spray, bath, or mist application.

APPLICATIONS / BENEFITS

- Special EP agent gives best anti-wear protection.
- Very light color and totally washable.
- Light viscosity ensures smooth operations.
- Maximizing knitting machine performance.
